Introduction

The Los Angeles County CHAIN – Medical Subspecialty Services Referral Program (CHAIN Program) serves uninsured and under-insured, indigent residents of Los Angeles County who have an HIV diagnosis and no other source of health care coverage. The program provides care to approximately 1,000 CHAIN-eligible patients in Los Angeles County and covers certain outpatient subspecialty consultations and outpatient surgeries and procedures for patients with HIV/AIDS-related health conditions. Almost 500 Ryan White Part A specialists provide outpatient subspecialty consultations, surgeries and procedures through the CHAIN Program. Inpatient acute care is not covered by the program.

The CHAIN Program accepts eligible patient referrals from Los Angeles County-funded medical outpatient clinics (MOPs), which are comprised of Los Angeles County Division of HIV and STD Programs (DHSP) and Los Angeles County Department of Public Health (LAC-DPH) MOPs. Patients who receive specialty care through the CHAIN Program are referred back to their MOP of origin for ongoing primary care by their CHAIN Program specialists.

AIDS Healthcare Foundation (AHF) is contracted with DHSP to provide CHAIN Program administration consisting of utilization management; medical oversight; provider recruitment; contracting and credentialing; and claims processing.

Covered Services

The CHAIN Program covers the following medically indicated and appropriate services and procedures through contracted Ryan White Part A specialists throughout Los Angeles County who are listed in this directory. The following services are covered through the CHAIN Program if a CHAIN-eligible patient's condition is related to HIV/AIDS. Patients who have conditions not related to HIV/AIDS should be referred to appropriate Los Angeles County MOPs. For detailed information about covered and excluded services and referral criteria, please see the CHAIN – Medical Subspecialty Services Referral Program *Provider Information* publication available at www.chainprogramla.org/documents.

- Cardiology
- Colorectal/Proctology
- Dermatology
- Endocrinology
- Gastroenterology
- General Surgery
- Gynecology
- Hepatology
- Nephrology
- Neurology
- Ophthalmology
- Orthopedics
- Otolaryngology (ENT)
- Pain Management

- Podiatry
- Pulmonary
- Rheumatology
- Urology

The CHAIN Program covers outpatient surgery for HIV-related health conditions as well as limited diagnostic imaging tests such as the following:

- Ultrasound
- Echocardiography
- CT Scan
- MRI
- DEXA Bone Scan

Prior Authorization Process

To refer a CHAIN Program-eligible patient to network specialists, MOP primary care providers (PCPs) must complete a CHAIN – Medical Subspecialty Services Referral and Authorization Request form and submit it to the CHAIN Program **along with a screen capture from CaseWatch® to demonstrate patient eligibility and supporting physician progress notes and/or ancillary data.**

The CHAIN – Medical Subspecialty Services Referral and Authorization Request form includes instructions where and how to submit it. The form is available at www.chainprogramla.org/documents. Routine authorization requests are rendered within five (5) days; urgent requests in 72 hours. Questions regarding the authorization request process should be directed to the CHAIN Program at (866) 644-5025, Monday through Friday, 8:30 a.m. to 5:30 p.m.

For More Information

For more information about the CHAIN Program provider network or accessing services through the network, please call (866) 644-5025, Monday through Friday, 8:30 a.m. to 5:30 p.m.
